Ahmedabad | [krunaltrvd2003@gmail.com](mailto:krunaltrvd2003@gmail.com) | 9484672943 | [LinkedIn](#)

Full-Stack Software Developer with 2+ years of hands-on experience building, maintaining, and owning enterprise web applications. Strong expertise in ASP.NET Core, React (TypeScript), SQL Server, and Java, with a proven track record of fixing production issues, optimizing database performance, and delivering scalable solutions in Agile environments. Experienced with Docker, CI/CD pipelines, and real-time systems.

## Work Experience

### SNT CodeCraft Pvt Ltd.

Software Developer

Ahmedabad, Gujarat

Oct 2025 – Present

- maintained a complete shipping and logistics solution including shipments, quotes, admin operations, and reporting modules.
- Built scalable backend APIs using **ASP.NET Core Web API, Entity Framework Core, MediatR, and Carter** for clean architecture and modular development.
- Implemented reusable frontend components with features such as **search, sorting, pagination, and action handling** for large datasets.
- Worked extensively on production bug fixing and performance optimization across frontend and backend.
- Improved UI/UX stability by fixing layout issues, preventing incorrect data updates, and enhancing component behavior.
- Worked with relational database queries and optimized joins to fetch and display accurate data efficiently.

### Tridhya Tech Ltd.

Software Developer

Ahmedabad, Gujarat

June 2025 – Aug 2025

- Worked under senior mentorship on both development and support activities in a live enterprise system.
- Fixed minor and major production bugs, improving system stability performance, reliability.
- Performed PostgreSQL database changes including table updates, migrations and query optimizations.
- Developed new features to enhance reporting, data handling, and workflow efficiency.
- Gained hands-on-experience with CI/CD pipelines for builds, deployments, and server setup.
- Resolved functional and performance-related bugs to ensure smooth system operations.
- Used Docker images and containers to simplify deployment and environment consistency.

### Tridhya Tech Ltd.

Intern

Ahmedabad, Gujarat

Feb 2025 - June 2025

- Designed and developed a Role-Based Access Control (RBAC) User Management System during the internship period.
- Implemented role and permission-based access for users to ensure secure and scalable authorization.
- Integrated modules such as **Kanban board, calendar scheduling, and real-time chat application**.
- Used **Redux** for centralized state management across authentication, roles, permissions, and real-time features.

### Kunte Modha Shah Advisors LLP.

Software Developer

Ahmedabad, Gujarat

July 2023 – Apr 2024

- Contributed to a wealth management (family office) system for tracking company and individual investments.
- Assisted in developing modules for managing financial assets and improving data reliability.

## Projects

### AutoDeal | Django, Python, Razorpay, HTML, CSS, JavaScript

- Built a vehicle marketplace platform for buying, selling, and comparing pre-owned vehicles.
- Integrated Razorpay payment gateway for booking and service payments.
- Implemented features such as RSA service, vehicle service booking, dealership locator, blogs, and advanced filters.

### Chronomiles | React.js, HTML, CSS

- Designed an e-commerce watch platform with secure checkout, advanced filters, wishlists, and order history

### Luxedrive | ASP.NET, SQL Server (SSMS)

- Developed a luxury pre-owned vehicle platform enabling vehicle sales, service scheduling, and seamless booking.

### E-commerce Clothing Store | WordPress, WooCommerce, MySQL

- Built and configured an online clothing store using WordPress and WooCommerce on XAMPP
- Managed products, categories, users, and orders using MySQL.
- Customized themes and plugins to improve UI, responsiveness, and user experience.

## Technical Skills

**Languages:** C#, ASP.NET CORE, Java, Python, Javascript, Wordpress.

**Databases:** PostgreSQL, MYSQL, SQL Server(SSMS), Firebase

**Developer Tools:** Visual Studio, VS Code, Docker, Git, Azure, CI/CD Pipelines, Android Studio, Eclipse

**Libraries/Frameworks:** React.js, Django

**Methodologies:** Agile, Bug Fixing, Feature Development, Database Optimization

## Education

### Lok Jagrut Kendra University

Master of Computer Applications(MCA). **CGPA: 8.08**

Bachelor of Computer Applications(BCA). **CGPA: 7.50**

Ahmedabad, Gujarat

2020 –2023

2023 - 2025
